Department of Computer Science & Engineering

A Report on an Inter departmental "Technical Debate Competition" conducted under CSI on occasion of Engineers Day Celebrations on Sept 15th,2012

An Engineer's day was celebrated full flushed in college by remembering great engineers in almost all domains & by appreciating their contribution to the society for their valuable work. As a part of Engineer's Day celebrations many events were conducted and students with remarkable performances were awarded with attractive prizes.

Department of Computer Science & Engineering has organized an inter departmental Technical Debate competition under CSI Student chapter on Sept 15th,2012.

The Technical Debate Competition was an open opportunity for all BE 2/4 & 3/4 students of all branches. The competition has witness an overwhelming students participants with minimum of 3 teams has participated from each departments. A total of 3 rounds were conducted to identify two best teams.

First Round was conducted to filter the teams for debate round. The teams were filtered by conducting a written quiz for all the enrolled teams. After fair evaluation about 16 teams were through for next round.

Second Round was a debate round and 16 teams were made to compete by forming 8 sets. Each set were asked to debate either for and against for the topic of discussion.

Each set were given 5 minutes to put their points before their opponent

team and one minute was given to convey the final word of conclusion about the topic of discussion. A total of four teams were shortlisted for final debate round.

Third round was a final debate Round conducted for four shortlisted teams. Final winners were acknowledged to be a team from 3/4 students of mechanical branch and runner up team from 3/4 students of Computer science department.
