A Report on Google Map Maker Tool by Akash Jaiswal conducted on Feb 21st,2013

A seminar on “**Google Map Maker Tool**” was delivered by Akash Jaiswal, Google Student Ambassador , student of BE 3/4 CSE B on Feb 21st, 2013 for the students of BE 1/4 CSE conducted under ACES Activities.

The objectives of seminar were to convey the steps to edit the **GOOGLE MAPS** using Google Map Maker Tool and to encourage the students to participate in “**MAPATHON-2013**” first time ever national level competition organized by Google Private Limited.

Mr. Akash Jaiswal started off seminar by sharing a video with student audiences describing updates taking place in World Map with extra information being added through Google Map Maker Tool .

It was also intimated that in order to add/edit Google Maps an individual must have gmail account and edits to Maps would be incorporated after getting reviewed. The account holder with maximum edits with reliable information would be rewarded with attractive prizes by GOOGLE.

Speaker concluded the session by encouraging students to participate in “MAPATHON-2013” which started on Feb 15th, 2013 and to be continued till Mar 25th,2013. He has also commented that such achievements would really add extra weight age to the students resume during placements.

After a video session a detailed session on Google Map Maker Tool involving step by step approach to add/edit the places / restaurants / hospitals / temples / colleges / school or any physical set up with related information to the existing Google Maps.
