## Department of Computer Science & Engineering

A Report on **Boot Camp on “Microsoft Windows 8 App Development”** conducted on July 15<sup>th</sup>, 2013

(Conducted under Industry Institute Interaction)

A Boot Camp on “**Microsoft Windows 8 App Development** ” started on July 15<sup>th</sup>, 2013 by the Department of Computer Science & Engineering in association with Microsoft for the students of B.E 3/4 CSE at Vasavi College of Engineering, Hyderabad.

Mr. Sandeep, Microsoft, Bengaluru has delivered all the aspects of Windows 8 Apps spanned for day.

The objective of the Boot Camp were

- To explore the various features of Windows 8
- To encourage students to develop ideas into Apps.
- To extend Cooperation of Microsoft in Developing Apps.

The session started with an introduction to windows 8 and its features. New features of the latest Windows 8.1 preview version were explored. Presentations were shared covering journey from “**Idea to an App**”. Visual Studio 2012 along with its controls and templates were discussed in brief.

The session continued with the various stages of App development: Idea, Commitment and implementation using C#, XAML and JavaScript were explored. Online sources for various templates were provided.

The Boot Camp will continue for 6 weeks. As per the BOOT camp following aids will be provided to students.

- Personal Guidance for two weeks.
- Interaction through mails for offline queries.
- App testing facilities for students on request.
- Weekly 2-day assessment of students work.
- On successful upload of App by Aug 30<sup>th</sup>,2013 students will be eligible for a Credit by Microsoft.
- Exceptionally good Apps will be uploaded on the “Wall of Fame”.

Mr. Sandeep and Microsoft Student Partners (MSPs) of BE 4/4 CSE helped the students personally with their ideas and the ways that can be implemented.

The skills imparted by the experts would certainly help them in transforming their ideas into good App.
