A Report on Guest Lecture on “**Web Services**” By Mr. Kalyan Chakravarthy on Aug 24<sup>th</sup>,2013

A Guest lecture on “**Web Services**” was delivered by Mr. Kalyan Chakravarthy , CEO & Co-Founder, CPOY Software Services LLP., Hyderabad on Aug 24<sup>th</sup> ,2013 for the student audiences of M. Tech(CSE) I year - II Sem.

The main objective of the seminar was to convey the importance of Web Services to develop Distributed Applications.

Mr. Kalyan started off session by narrating the evolution of Web Services in recent years and common applications of services. Speaker Mr. Kalyan has taken forward session by a detailed discussion

on Web Services to develop the applications for Distributed environment.

To emphasize on Web Services he compared the Web Services with the earlier technologies like RMI & CORBA. A demo application was designed and executed to show how RMI & CORBA actually work.

The later part of the session he took a case study and wrote a Web Services Application to meet the specific business requirements as per the given case study. He also gave details regarding the SOA architecture.

Students were overwhelmed to witness the demonstration of a Web Services Application using Eclipse IDE and step by step approach to develop an Application.

The speaker has concluded the session by encouraging students to develop distributed applications and work on open source projects.
