

Vasavi College Of Engineering  
Department Of Computer Science & Engineering  
A Session on "Career Guidance"  
(Conducted Under Alumni Activity)

A Career guidance session was delivered by Mr. Prabhu Mogulla & Mr. Govardhan Reddy, alumni of Mechanical Engineering passed out in the year 1991 on July 19<sup>th</sup>, 2012. Mr. Prabhu owns a Software Consulting firm in the United States.

right from the day of pursuing his MS program to becoming a successful entrepreneur, he shared all his efforts he kept in. He also suggested in not raising high end debts to pursue higher studies while giving the practical flaws in this process.

The objective of the session objective was focused mainly on the pros and cons of pursuing career abroad.

The session has given an opportunity to clarify the queries of the students related to the studies to be opted after completing engineering program and he has also encouraged the students to submit the queries offline related to their career. The Guests also have encouraged the students to give it back to the society & be a part the college later on.

He emphasized to pursue Masters when the student has got the greater interest towards learning the subjects in a practical approach and has strong intension to have a Research Oriented Career. Expressing his own experiences
