A report on the One week
**“Outreach Programme on Introduction to Internet and Webpage
Development”**

(20th June, 2022 - 25th June, 2022)

The objective of “Introduction to Internet and Webpage Development” training programme for Rural Youth is to impart basic concepts of Internet and World wide web and also to impart knowledge of how to build web pages and websites and how to host a website. This Programme was conducted in a learning-by-doing mode. It concentrated more on hands-on experience for the participants rather than theoretical classes.

The Target Audience were students in 10 + 2, Degree and who want to pursue careers in IT and gain working knowledge of how computers work, how to assemble computers, and how to troubleshoot hardware and software issues.

The programme covered the topics, Internet, World wide web, HTML, CSS, Introduction to Javascript, Introduction to Bootstrap and Responsive Web, Introduction to CMS and WordPress, Introduction to Hosting a Web site. These topics were dealt theoretically and practically with the support of teaching and non-teaching staff of the department.

A total of 39 participants from in and around Ibrahimbagh, Narsingi, Attapur, Golconda, etc., had attended this programme. Faculty from IT Department and staff from computer center have taught the participants on various HTML Tags, different types of CSS, event handling in
