No.VCE/CBCS/2017

16th January, 2017

Sub : Implementation of Choice Based Credit System (CBCS) – Reg.

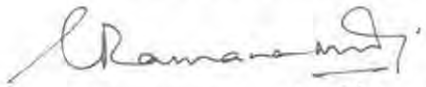

- Ref : 1) Minutes of 4th meeting of Board of Studies of all Departments.
2) Minutes of 5th Academic Council meeting held on 17.09.2016.
3) 18th Minutes of meeting of Board of Governors held on 22.12.2016.

The HoDs are requested to note that the decisions taken in the respective Boards of Studies have been ratified by the Academic Council and Board of Governors of the College in the meetings as cited above in respect of introduction of Choice Based Credit System from the academic year 2016-17. In this connection, it is informed that the content of the courses (subject) is designed/revised for B.E., M.E./M.Tech and MCA Programmes with effect from the academic year 2016-17, for the implementation of Choice Based Credit System (CBCS).

In line with the guidelines, CBCS allows for offering Open Elective Courses, Professional Elective Courses apart from the core courses. All the faculty and students are therefore requested to note the above.

The students shall have to register for these courses at the beginning of each semester.

Therefore, the HoDs are requested to give wide publicity amongst students and faculty.

Notes on Agenda Items for 3rd Academic Council to be held at 11.00 a.m. on 18.06.2016

1. Introduction of new members:

The Osmania University, vide its letter No. 396/H/2015-16/Acad.IV-1, dated 30th May, 2016, has nominated the following as members on the College Academic Council:

- Prof. M. Kumar, Department of Civil Engineering, UCE
- Prof. Prof. G. Yesu Ratnam, Dept. of Electrical & Electronics Engineering, UCE
- Prof. P. Ushasree, Dept. of Mechanical Engineering, UCE

The above nominees will be the members of the Academic Council of the College.

2. Confirmation of the minutes of the 2nd Academic Council held on 13.07.2015:

The minutes of the first Academic Council meeting held on 13.07.2015 were read and confirmed.

3. Action Taken Report on the resolutions of MOM dated 13.07.2015:

Item No.	Council approval/ Recommendation	Action Taken
3.2	Medical condonation	As advised by the Academic Council and after approval accorded by the BoG during the meeting held on 28 th July, 2015 (13 th BoG), a Committee has been constituted to frame rules & regulations for any student with chronic ailments and disorders requiring medical condonation facility. The Committee has recommended as follows:
		<ul style="list-style-type: none"> • The <i>required attendance percentage of a student</i> to be eligible to appear for semester examination even on chronic medical grounds shall be 65% only.
		<ul style="list-style-type: none"> • There is no need to separately consider the cases of students, with chronic ailments and disorders on case to case basis. They shall be subject to the same rule as applicable to those who apply for regular medical condonation, as the principle behind 65% is that if a student has not attended even 65% of the classes, then he/she is not adequately prepared to appear for the examination.
		The BoG, in its meeting held on 21.11.2015 (14 th BoG), has approved the above recommendations.
4	Revision of class duration from 50 minutes to one hour	It is proposed to enhance the duration of the class from 50 minutes to one hour under CBCS system to be implemented w.e.f. the academic year 2016-17.
11	Renaming service courses as interdisciplinary courses	As suggested, the Service Courses are being renamed as "Interdisciplinary Courses".

4. Approval for the resolutions taken in HoDs meetings on routine academic matters:

HoDs meetings are conducted regularly every month on first Saturday to discuss routine academic activities.

Ratification of final attendance reports of B.E. 1st year to 4th year II-Semester courses:

During the HoDs meeting held on 29.04.2016, it was decided to give medical condonation/detain the students from 1st year to 4th year B.E. II-Semester due to shortage of attendance. The summary of the students availing medical condonation and detained students is given below:

5. Approval for the scheme of instruction and curriculum of 3/4 B.E- 1st & 2nd Semesters (AY 2016-17) under autonomy finalized by respective BoS:

The new Scheme of Instruction, Examination and Curriculum of 3/4 B.E. I & II-Semesters for the academic year 2016-17 under Autonomy, as finalized by the respective Boards of Studies, will be presented before the Academic Council by the respective HoDs for approval.

The HoDs of Civil; CSE; EEE; ECE; I.T and Mech. will make a brief presentation on the Scheme and Curricula.

6. Revision in the Scheme of instruction of 2/4 B.E program (AY 2016-17):

Few changes have been made in the Scheme of Instruction of 2/4 B.E. Programme by some Departments. It is proposed to follow the allotment of offering the following Courses from the academic year 2016-17, as mentioned against each Course/Subject:

Course/Subject	Subject to be offered in	
	Odd Semester	Even Semester
Environmental Studies (ES)	ECE	Civil
	Mech.	EEE
		CSE
		I.T.
Human Values & Professional Ethics (HVPE)	Civil	EEE
	CSE	ECE
	I.T.	Mech.
Managerial Economics & Accountancy (MEA)	Civil	EEE
	CSE	ECE
	Mech.	I.T

7. Revision in the syllabi of Finishing School course offered in 1st & 2nd semesters of 2/4 B.E program (AY 2016-17):

In the earlier Scheme, the Finishing School was offered as "Soft Skills" & "Technical Skills" with one credit each.

It is proposed to conduct Finishing School for 2/4 B.E students in the subject "Communication Skills-I & II" for Semesters-I & II respectively with two credits each.

8. **Revision in Human Values and Professional Ethics course/subject to 2/4 B.E (AY 2016-17):**

The Human Values & Professional Ethics course was introduced for 2/4 B.E. students under autonomy with effect from the academic year 2015-16.

The HoD, H & SS will make a brief presentation on the revision proposed.

9. **Introduction of Human Values and Professional Ethics course/subject to 3/4 B.E (AY 2016-17):**

The Human Values & Professional Ethics course was introduced for 2/4 B.E. students under autonomy with effect from the academic year 2015-16. It is now proposed to extend to offer this course at 3/4 B.E. level with effect from the academic 2016-17.

The HoD, H & SS will make a brief presentation on the contents of the course.

10. **PG program in Engineering – Pre-submission and award of Grades to M.E./M.Tech Project/Dissertation under Autonomy:**

The Board of Governors, in its meeting held on 30.03.2015 has approved academic rules & regulations of M.E./M.Tech courses under autonomy. To strengthen the evaluation process of M.E./M.Tech projects/dissertation, the following resolutions have been passed in the meeting of HoDs with regard to,

a) **Viva Voce Committees:**

M.E./M.Tech students of fourth semester will take-up a project and submit a report/dissertation. For assessment and evaluation of the project, (i) Presubmission Viva Voce Committee and (ii) Final Viva Voce Committees are to be constituted.

Composition of Presubmission/Final Viva Voce Committee:

HoD/BoS Chairperson	:	Chairman
External Expert	:	Member
Project Supervisor	:	Member

The Final Viva Voce Committee submits its recommendations to the Controller of Examinations. Approval of Academic Council for constituting above committees is sought.

It is proposed to pay remuneration to the subject experts @ Rs.500 per candidate, subject to a minimum of Rs.2,000 per day for conducting the Viva Voce Examination.

It is also proposed to charge a fee of Rs.500 from the students against the issue of consolidated Grade Report, Provisional Certificate and Migration Certificate.

b) **Grading to M.E./M.Tech Project/Dissertation:**

Extension of Grading System to M.E./M.Tech project dissertations in line with the Grading System being implemented for Theory and Practicals for the M.E./M.Tech programmes. The approved Grading System being implemented is furnished below:

Academic Performance (%)	Letter Grade		Grade Points
90 to 100	A+	Outstanding	10
80 to 89.99	A	Excellent	09
70 to 79.99	B+	Very Good	08
60 to 69.99	B	Good	07
50 to 59.99	C	Average	06
40 to 49.99	D	Pass	05
Below 40 (Theory)	F	Fail	0
Below 50 (Practical)	F	Fail	0
Below 50 (Theory and Practical) - for M.E./M.Tech.	F	Fail	0

- c) It is proposed to consider the submission of dissertation in two phases viz., Phase-I & Phase-II with a gap of four months for the students joined the college with effect from the academic year 2014-15.

Submitted for approval of Academic Council.

11. Approval of new curriculum of 3/3 MCA under autonomy finalized by its BoS (AY 2016-17):

The new Scheme of Instruction, Examination and Curriculum of 3/3 MCA I & II-Semesters for the academic year 2016-17 under Autonomy, as finalized by the BoS, will be presented before the Academic Council by the HoD for approval.

12. Revision in the Scheme of instruction of 1/3 MCA and 2/3 MCA:

Some revisions in the Scheme of Instruction of 1/3 & 2/3 MCA Programme have been made. The changes will be presented by the HoD-CA before the Academic Council.

13. Accreditation status of UG programs:

The NBA Accreditation for all 6 UG Programmes came to an end in the month of September, 2015 and hence College has applied for renewal of accreditation for all 6 UG Programmes and SARs in the 2nd week of June, 2016.

14. Accreditation status of PG programs:

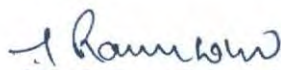

The College has given five slots @ 3 days/slot (Friday, Saturday & Sunday) to the NBA by requesting them to send team of experts for inspection for 2 eligible PG Programmes for accreditation on any slot commencing from 1st week of September, 2016.

15. College Ranking by various survey agencies for the year 2016-17:

- The College has been awarded the 77th rank among the top 100 engineering colleges in India, as per the survey conducted by the Magazine – Career 360^o.
- The College has been awarded the 114th rank among the top 150 engineering colleges in India, as per the survey conducted by i3RC Times Engineering-2016^o.
- The College has been awarded the 64th rank among the top 75 private engineering colleges in India, as per the survey conducted by i3RC Times Engineering-2016^o.

16. Implementation of CBCS system with effect from the Academic Year 2016-17:

It is proposed to implement CBCS System with effect from the Academic Year 2016-17. The HoDs are working towards implementation of CBCS System with respect to Scheme of Instruction, Electives (Core, Open & Global) and details will be placed before the Academic Council during its next meeting for discussion (proposed to be held during the month of July, 2016).

The Chairman of the Academic Council, Dr. K. Jaya Sankar presided over the meeting and extended warm welcome to the members. The following items on the agenda were taken-up for consideration:

1. Confirmation of the minutes of the 3rd Academic Council held on 18.06.2016:

The minutes of the 3rd Academic Council meeting held on 18.06.2016 were read and confirmed.

2. Discussion on the overall curriculum structure of BE program proposed under CBCS:

The Member-Secretary informed the Academic Council that the College will be implementing the Choice Based Credit System (CBCS) w.e.f. the academic year: 2016-17. He further informed that the overall structure of the curriculum of B.E. program department-wise has been framed by the respective departments and have been approved by the respective BoS. He requested the concerned HoDs to give a presentation on the proposed structure of B.E. program for their respective departments.

The HoDs made a brief presentation of the proposed scheme of instructions and examination for all four years of BE program.

It was informed that the proposed structure is tentative for 2nd to 4th year B.E. and there may be modifications in the courses offered. However, care has been taken to incorporate courses as stipulated in the AICTE model curriculum namely Professional core subjects, Professional elective subjects, Open electives and Mandatory courses. As we progress the curriculum of each year will be finalized and placed before the Academic Council in the future meetings for its approval.

The following suggestions have been given by the members:

Prof. M. Kumar:

- The total number of credits may vary across the branches of Engineering and need be the same for all the departments.
- Initially finalize the scheme of instruction and examination and syllabi for the first year B.E. and subsequently the other years structure may be finalized.
- Conduct a meeting to discuss the structure and contents of the syllabi well before the commencement of second year B.E. so that there will be an ample time for making appropriate changes.
- In general, students from a branch shall not opt for open electives offered by their own branch. That is, open elective courses may be opted by the students of other branches of Engineering. Students shall consult their faculty advisors before opting for an open elective course. The open elective courses may be offered subject to availability of time slots, faculty members, class rooms and minimum and maximum class strength.

Sri. Ramesh Loganathan:

- Bring the CBCS spirit in the proposed structure.
- There must be a flexibility to offer open electives in various semesters.
- The same open elective can be offered in more than one semester so that student has a choice to opt that particular open elective. However, the number of open electives offered in a given semester can be limited to two or three.
- Open electives can be framed to guide the students in a particular stream and specialization by offering minor courses. For example under open elective economics, several optional courses like Advanced Economics, Business Economics etc. can be offered.
- From the third year onwards, a student can be given an opportunity to register for more courses and earn additional credits.

3. **Approval to 1/4 BE scheme of instruction and examination to be implemented under CBCS w.e.f Academic Year 2016-17**

The 1/4 BE scheme of instruction and examination to be implemented under CBCS w.e.f Academic Year 2016-17 has been presented in the Academic Council Meeting by the Member-Secretary. He further informed that under CBCS the duration of a class is made as one clock hour instead of 50 minutes.

• CIE- Continuous Internal Evaluation

The following suggestions were made by the Members:

- It is observed from the overall structure of B.E. programme that the marks allocated for semester end examination (SEE) and internal examination (Continuous Internal Evaluation – CIE) are in the ratio 70:30 for the years (II year to IV year). However, in the proposed I year B.E., the ratio was not maintained and the marks are 50 for SEE and 25 for CIE in theory.
- That the above ratio of 70 for SEE and 30 for CIE is mentioned uniformly across departments and throughout the program of study.
- The ratio 70:30 for SEE to CIE should be continued in the I year B.E. also. Hence, the proposed marks for theory courses in SEE & CIE are to be changed from 50 and 25 to 70 and 30 marks respectively.
- Similarly the proposed marks for laboratory courses in SEE & CIE are to be changed from 30 and 20 to 50 and 25 marks respectively.
- The proposed subject reference code system should be revised. Implement 7 digit subject codes as ES123CE representing Engineering Science (ES) course offered in first semester by the department of Civil Engineering (CE). There is no need of using a digit for specifying year in the code, instead use sequential numbering of semester as 1,2,3,4,5,6,7 & 8.

The HoD-ECE has informed that their BoS advised to shift Basic electrical lab from II yr. I semester to I year II semester, in lieu of Electronic workshop lab. Therefore, the electronic workshop lab will be offered in II year I semester.

Academic Council agreed to make the above changes proposed by Head, ECE, in the scheme of instruction of I/IV B.E.

The Academic council approved the first year B.E. scheme of instruction and examination with above suggestions with effect from the academic year 2016-17.

4. **Approval of the syllabi for I and II semesters of 1/4 BE to be implemented under CBCS w.e.f. Academic Year 2016-17**

The chairman requested the concerned Heads of departments to propose the BOS approved syllabi for I and II semesters of 1/4 BE to be implemented under CBCS w.e.f. Academic Year 2016-17

The Heads of departments of Mathematics, Physics, Chemistry, H&SS, Civil, CSE, ECE, IT and mechanical engineering presented the BOS approved syllabi of their departments. They also briefly explained the modifications brought in the curriculum compared to the Autonomous curriculum of 2015-16.

The members made the following suggestions:

- a) The course outcomes and course objectives for all the courses of I/IV B.E. I & II semesters must be re-arranged with appropriate words.
- b) In the reference list of books, the following order may be used uniformly in all courses.
Author name(s), title of the book, publisher's name, edition number, year of publication.
- c) Under the learning resources, use suggested readings and online resources.
- d) The format of the syllabus of each and every course must be the same including font and font sizes.
- e) Rocket propellant and explosives in Chemistry syllabus of B.E., II year framed for ECE, CSE and IT may be equally needed for Mechanical Engineering students. Therefore, it is suggested to make change if necessary.
- f) It is suggested to relook at the contents of CS workshop to be offered in B.E. II CSE semester students.

5. **Discussion and finalization of the Academic Rules and Regulations under CBCS to be implemented from the Academic year 2016-17**

The proposed academic rules and regulations under CBCS have been placed before the Academic Council.

It is informed that, the general frame work of academic rules and regulations prescribed under Autonomy such as promotion rules, award of credit and letter grades etc., remains the same even under CBCS system.

The members have gone through the academic rules and regulations and suggested that, the draft of the regulations may be circulated to the members and receive the comments. After obtaining the suggestions, the regulations can be placed before the next council meeting for approval.

6. **Result analysis of 1/4 BE-II semester and 2/4 BE-II semester under autonomy for the year 2015-16**

The result analysis of 1/4 BE-II semester and 2/4 BE-II semester under autonomy for the year 2015-16 are presented by Prof. A.S. Sai Prasad, Director-Examinations.

7	Summer vacation (*)	01.05.2017 to 30.06.2017
8	Commencement of B.E 2/4 I-Semester for the academic year 2017-2018	10.07.2017

M.E/M.Tech II Year (for autonomy batch) for the academic year 2016-2017.

S.N o.	Particulars	III-Semester	IV-Semester
1	Registration	19.09.2016	16.01.2017
2	Project Seminar (Presentation & Evaluation)	02.01.2017 to 07.01.2017	--
3	Last date for submission of Draft dissertation	----	06.05.2017
4	Internal Viva Voce Examination	----	15.05.2017 to 20.05.2017
5	Submission of approved thesis of the students for External Evaluation	----	03.06.2017
6	Conduct of External Viva-Voce	----	19.06.2017 to 24.06.2017
7	Late submission & Internal Viva-Voce Examination	----	11.09.2017 to 16.09.2017
8	Conduct of External Viva-Voce Examination(for late Submission)	----	09.10.2017 to 14.10.2017

The Academic Council approved the above Almanac for I/IV B.E. and M.E/M.Tech II Year for the Academic Year 2016-17. The changes may be made in the above dates, if required as per the announcement made by the Convenor, TSEAMCET.

8. **Consideration of representation from the students and their parents (placed as Table Agenda item)**

The chairman of the academic council informed that:

The students, who have been detained in B.E. II year examination held in May/June, 2016 because of one or more backlogs of B.E. first year due to the existing Academic Rules and Regulations, submitted a representation along with their parents to the Principal seeking promotion to the next higher class.

The promotion rules in this regard stipulates that to promote a student from regular course of study of II/IV B.E. II semester to III/IV B.E., I semester he/she must have secured at least 50% of total credits prescribed for II/IV B.E. and passed in all the

subjects of I/IV B.E. As per the rule position, 34 students have been detained in the II/IV B.E. whose details were presented earlier under the agenda item no. 6 result analysis.

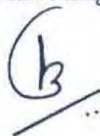

The Academic Council deliberated on the representation of the parents and students. The members felt that the academic rules and regulations should not be diluted by merely promoting the students to the next higher class along with backlog subjects. Such attempts degrade the academic standards and will be deterrent to placement activities.

After a detailed discussion on the results of B.E. (Autonomous) examinations and rules of promotion, the academic council has made the following resolution:

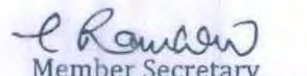

"Resolved to conduct B.E. I year (both semesters) examination for the candidates detained in B.E. II year II semester (examinations held in May/June, 2016) as onetime measure. The examination shall be conducted as a special case only for those candidates who studied B.E. I and II years in the academic years 2014-2015 and 2015-16 respectively and detained in view of one or more backlogs in B.E. I year. It is reiterated that this decision is applicable only for this year and it shall not become precedence in future".

The Academic Council has advised the Principal to take an undertaking from the students and parents in this regard stating that they will not again appeal for such considerations in future.

The meeting ended with vote of thanks by the Member Secretary.

MINUTES OF THE BOARD OF STUDIES MEETING HELD ON 12.07.2016

Lr. No. VCE/CED/09/2016-17/

Date: 12.07.2016

AGENDA:

1. Introduction of members
2. Brief report on the profile of the department
3. Discussion on Course structure, scheme of examination
4. Discussion on first year B.E syllabus of Engineering Mechanics & Graphics
5. Any other item with the permission of the chair

MEMBERS PRESENT:

01 Dr. B.Sridhar	Professor and Head, Chairman, Board of studies
02 Prof. K.V.L. Subramaniam	Professor and Head, Department of Civil Engineering, IIT Hyderabad
03 Prof. K.Srinivasa Raju	Professor, Department of Civil Engineering, BITS-Pilani, Hyderabad Campus
04 Prof. M.Kumar	Professor and Head, Department of Civil Engineering, University College of Engineering (Autonomous), Osmania University, Hyderabad
05 Prof. R.Pradeep Kumar	Professor, Department of Earthquake Engineering, International Institute of Information Technology, Hyderabad
06 Prof. M.V.Rama Rao	Professor, Department of Civil Engineering, VCE
07 Sri M.Bhasker	Associate Professor, Department of Civil Engineering, VCE
08 Dr. T. Srinivas	Associate Professor, Department of Civil Engineering, VCE
09 Sri. C. Mohanlal	Associate Professor, Department of Civil Engineering, VCE
10 Sri. S. Vijaya Kumar	Associate Professor, Department of Civil Engineering, VCE
11 Sri. M.V.S.S. Sastri	Associate Professor, Department of Civil Engineering, VCE
12 Dr. B. Narender	Assistant Professor, Department of Civil Engineering, VCE

H.O.D.(Civil) welcomed all the members of the Board of Studies to the meeting. The following points were discussed:

1. Prof. B.Sridhar explained the course structure of the Engineering Mechanics and Engineering Graphics to the members.
2. BOS members suggested to change the title of the subject Engineering Mechanics as Engineering Mechanics - I in place of Basic Engineering Mechanics and Engineering Mechanics - II in place of Engineering Mechanics.
3. BOS members has approved to include impulse and momentum as Unit - V in Engineering Mechanics - II
4. Engineering Graphics syllabus presented is approved by the BOS members , Professor Kumar suggested add NPTEL labs in references
5. Increase the percentage of professional elective courses 1.7 to 10 - 15% by converting professional core course into professional elective courses.
6. The change in the title of the subject for B.E. 3/4 from Design of Reinforced Concrete to Reinforced Concrete Design - I and the Design and Detailing Reinforced Concrete Structures to Reinforced Concrete Design - II is recommended.

Prof. M.V.Rama Rao presented a vote of thanks.

2. Prof. S. Varada Rajan, S.V. University, Tirupathi.
3. Mr. Raghu Prasanth, NSILICA Logic Solutions, Kurnool.

Chairman welcomed the members to the meeting.

The following have been resolved in the meeting.

1. The scheme of instruction for B.E. 1st year ECE I & II semester classes under CBCS scheme has been approved with the following observations:
 - (i) Computer based tutorial classes as part of theory course "Engineering Graphics - I" of 1st semester are to be considered.
 - (ii) Theory course "Engineering Graphics - II" as part of 2nd semester is to be dropped.
 - (iii) Tutorial classes as part of "Engineering Physics and Engineering Chemistry" theory

courses are to be dropped to facilitate students to have some free slots.

- (iv) Experiments as part of "Chemistry Lab - II" are to be aligned with ECE stream.
- (v) Syllabus with respect to "Physics - I and Physics - II" theory courses is to be pruned.
- (vi) Basic Electrical Engineering Lab is to be shifted to 2nd semester of 1st year in place of Electronics Workshop Lab.

2. The draft scheme of instruction for B.E. 2/4 to B.E 4/4 ECE I & II semester classes has been approved:

Chairman welcomed the members and gave a brief overview of the department Vision Mission PEO's PO's and PSO's. She also highlighted few achievements of the department in the previous academic year. She also emphasized on the AICTE model curriculum.

Schemes and Syllabus of M. Tech. 2018-19 Joining Batch

- Chairman said that the AICTE Model curriculum was adopted in preparation of the curriculum for this batch of students
- BOS Members suggested Advanced OS to be included in the curriculum.
- Udgata suggested offering Soft Computing can be as an Elective course.
- Distributed Computing can be moved to PE-V and Network Security to PE-I
- Continuous Internal Evaluation for the course Research Methodologies & Intellectual Property Rights can be done by asking students to read and present a technical paper along with a report submission.
- Members suggested that FS-I Soft Skills can be part of Audit course. The credits for FS-1 can instead be utilized in lab or any other course.
- Audit Course – I to be replaced with Advanced Databases.
- Requisite courses in PG courses should include subjects like Advanced Databases, Advanced Operating Systems, Advanced Algorithms and Advanced Data Structures.
- Information Security can be offered instead of Network Security. Include Blockchain topic, few topics from network security, database security in this course. Mathematical foundations must be a part of this course with atleast two units coverage.
- Data Science NPTEL course to be looked at in preparation of Mathematical Foundations of Computer Science course. Queuing Theory can be removed from the syllabus.
- AI and ML can be given as a single course. Statistical ML topic can be included in ML.
- Professional Elective III, IV can have Cloud Computing or Distributed Systems
- Include atleast a unit of content in Distributed Systems in Cloud Computing
- Teach Cloud computing course in III Semester and include Advanced DB in Sem II
- Give Software Engineering use cases as a project under Mini Project
- Offer an additional lab course in place of a seminar in one semester

BE Courses

I Semester:

- Courses were reviewed and no recommendations suggested.

II Semester:

- Udgata said Chemistry-II and Engineering Mechanics courses are not required for CS Students and can be removed.

- In place of these courses they said to include Data Structures in this semester along with a LAB.
- One course on Data Structures is enough since algorithms is offered in the subsequent semester

III Semester:

- No changes suggested

IV Semester:

- Differential calculus and Optimization topics should be included in M-IV as it helps in Data Science.
- Modify Mathematics-IV course to include contents of Discrete Mathematics and include any other Maths concepts that will help CS students.
- Bring Processors with Virtualization technology, ARM and Arduino along with 8085 processor in the syllabus and remove the existing topics.

V Semester:

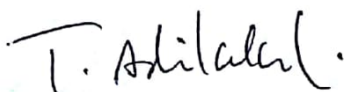

- Software Engineering is not in AICTE model curriculum but should be a Core subject. SE syllabus should be reframed by adding topics like Agile methodologies.

VI Semester:

- WPS, AI are not suggested in model curriculum but are offered as the members have accepted the inclusion of these courses in curriculum
- If possible, shift ALC to the previous semesters

VII Semester:

- DS, DM are not suggested in model curriculum but are offered
- All professional elective streams were reviewed.
- Cloud and Distributed Systems cannot be merged into a single course.
- Atleast 2 Streams must be completely offered.
- Two Professional Elective courses can be general and remaining can be specific verticals. Among these offer atleast TWO verticals to students if possible.
- Suggested the removal of Theoretical CS group
- Systems, AI & Data Engineering, Applications are Suggested as verticals

Date: 27.03.2018

Minutes of the meeting of Board of Studies, Computer Science & Engineering Department, held at 11.00 AM on Tuesday, 27th March 2018 at the Department, Vasavi College of Engineering, Ibrahimbagh, Hyderabad-31.

Members Present

Prof. Dr. T Adilakshmi, Dept. of CSE, VCE	Chairman & Head
Dr. K. Syamala Professor, Dept. of CSE, UCE Osmania University	OU Nominee
Dr. Siba K. Udgata Professor, HCU	Subject Expert
Dr. K. RadhaKrishna, Principal Research Scientist, Infosys	Industry Expert
Mr. UmaMahesh Mudigonda, Sr. Program Manager, Microsoft	Alumnus
1 Dr. Nagaratna P. Hegde, Professor	Faculty Members
2 Ms. M.Sunitha Reddy, Asst.Professor	
3 Mr. R. Sateesh Kumar, Asst.Professor	
4 Mr. S. Vinay Kumar, Asst.Professor	
5 Mr. M.S.V. Sashi Kumar, Asst.Professor	
6 Ms. V. Sireesha, Asst.Professor	
7 Ms. B. Syamala, Asst. Professor	
8 Mr. V. Punna Rao, Asst. Professor	
9 Mr. C. Gireesh, Asst. Professor	
10 Ms. T. Jalaja, Asst. Professor	
11 Ms. T Nishitha, Asst. Professor	
12 Ms. M Sundari, Asst. Professor	

Chairman welcomed the members and gave a brief overview of

- Department Vision
- Department Mission

- Program Educational Objectives
- Program Outcomes

She emphasized that Life-long learning is a very vital objective and the Department has been constantly encouraging students to work on MOOC Courses.

She had then thrown light on the significant achievements of the Department during the academic year 2016-17 and 2017-18 till date.

Schemes and Syllabus of B.E III and IV Semesters (CBCS) of 2017-18 joined batch and B.E V and VI Semesters of 2016-17 joined batches were ratified.

The duration of the Semester End Examination and marks distributions for theory & lab courses were discussed.

Marks distribution of CIE includes 20 marks for Internal exams, 10 marks for Assignment and 10 marks for Quiz.

Following are the recommendations suggested by BOS Committee members:

B.E III Semester (2017-18 joined batch)

Dr. RadhaKrishna suggested changing the course offered as Object Oriented Programming using Java to Object Oriented Programming (OOP).

Mr. UmaMahesh suggested a book for OOP course– An introduction to OOP by Timothy A Budd.

HVPE-I Human Values and Professional Ethics, Introduction to Entrepreneurship are continued as one credit courses.

Mr. UmaMahesh suggested a book for Introduction to Entrepreneurship “The Lean Start-up” by Eric Ries.

B.E IV Semester (2017-18 joined batch)

Offering two Open Elective courses, one on Cyber Security and other on Introduction to Python Programming were discussed.

Dr. RadhaKrishna and Dr. SibaUdgata suggested to offer courses like Internet Ethics or Introduction to Mobile Application Development or Android Programming in place of Cyber Security.

Experts have suggested to offer open electives like Quantum computing, Sensor devices to CSE students instead of Physics and chemistry open electives.

B.E V Semester (2016-17 joined batch)

Offering open elective courses on Introduction to Java Programming and Introduction to Software Engineering (ISE) were discussed.

Prof. Shyamala said that Basics of OS is being offered in Osmania University.

UmaMahesh and RadhaKrishna suggested including Project Management instead of ISE.

B.E VI Semester (2016-17 joined batch)

HOD said "Introduction to Databases" will be offered as Open Elective – VI.

Experts suggested to replace Compiler Construction lab with AI Lab. They also suggested including Machine Learning course in the curriculum.

Mr. UmaMahesh suggested a textbook for Machine learning – "An Introduction to Statistical Learning: With Applications in R" by Daniela Witten and Gareth James

Experts suggested to include Machine Learning basics instead of NLP in Unit V in the proposed AI syllabus.

Experts suggested to include one unit on latest advances in Compilers in Compiler Construction course

RadhaKrishna suggested to focus on Microservices architecture in Web Programming and Services

UmaMahesh suggested to include Serverless Computing in the syllabus and ASP.Net can be removed from Unit-V.

Siba Udgata said that Unit III is overloaded and the concepts need to be reshuffled in the syllabus of Computer Networks. Experts suggested to remove the topics on EMAIL and WWW from UNIT IV and Security concepts from Unit V in Computer Networks. They have suggested to include Software Defined Networks in UNIT V.

Experts suggested to give assignments on few concepts to students to encourage self-learning instead of teaching all the concepts in classes.

In-charge HOD welcomed the members, gave an introduction to the IT department and the faculty.

The following points were discussed

1. Discussion on Course structure, scheme of examination for III year I & II Semesters.
2. Discussion on B.E theory and laboratory syllabus for III year I & II Semesters.

In this discussion the members suggested the following

1. Include Indian authored text books wherever applicable.
2. Elaborate the course objective into multiple points.
3. In Software Engineering course use a single case study / problem and make it comprehensive.

Chairman welcomed the members and readout the agenda points for discussion.

1. Finalisation of scheme of instruction for BE I Year 1st and 2nd Semesters under Choice Based Credit System (CBCS)

Chairman readout the scheme of instruction proposed for B.E. 1st year to be implimented w.e.f. A.Y. 2016-17. The highlights of the scheme are given under.

- 1.1. The duration of the class has been changed from 50 minutes to 60 minutes.
- 1.2. The scheme of instruction is prepared in such a way that the contact hours for teaching is 36 in both first and second semesters
- 1.3. The total number of credits shall be 24 for I & II semester respectively under CBCS.
- 1.4. The scheme of instruction and examination as proposed by the department has been approved for implementation at BOS level.

2. Syllabus finalisation for Workshop Practice-I & II from Department of Mechanical Engineering to the students of B.E. I year A.Y. 2016-17 under CBCS.

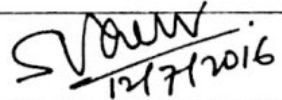

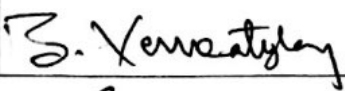

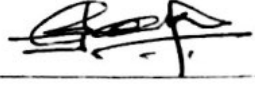

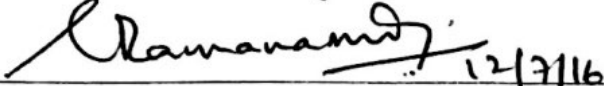

- 2.1. The syllabus proposed to be covered for all the branches of engineering in the first semester has been reviewed, edited and recommended for approval.
- 2.2. The syllabus proposed to be covered for Mechanical Engineering, EEE and Civil Engineering in the second semester has been reviewed, edited and recommended for approval.

4. Changes in scheme of instruction for B.E. III year A.Y. 2016-17 under Autonomy.

As a result of the discussions in the Academic Council held on 18.06.2016, changes have been made in the scheme of instrucion for 3rd year to be implimented in the Academic Year 2016-17 under autonomy which was discussed in the 3rd BOS meeting held on 19th March, 2016. The changed scheme of instruction has now been ratified in this meeting.

4. Any other points

- The members suggested that the number of quiz tests and assignments to be given for first year students may be left to the descretion of the faculty. The assignments and quiz tests may preferably be conducted in the weekend classes.
- The scheme of instruction for the second, third and fourth years was also discussed. The members opined that the control engineering course may be shifted to fifth or sixth semester. The percentage of PC and PE courses put together may be increased with the corresponding reduction in ES. The Environmental Studies course may also be considered as part of Basic Sciences.

Chairman welcomed the members and readout the agenda points for discussion.

1. Finalisation of scheme of instruction for ME 1st & 2nd Years under Choice Based Credit System (CBCS)

Chairman readout the scheme of instruction proposed for M.E. 1st year to be implimented w.e.f. A.Y. 2016-17 under choice based credit system.

- 1.1 The scheme consists of three core and three elective courses in the first semester and second semester respectively. The students will be required to register for elective courses after choosing from a list of courses. The list of courses for electives have been grouped under three categories namely Design, Manufacturing and Analysis. Each student need to complete two elective courses from each category. The scheme also includes course on Finishing School: Soft Skills in first and second semester respectively in order to improve the communication skills of the students.
- 1.2 It is suggested that the course on Mechanical Behaviour of Materials under Analysis Group to be shifted to Manufacturing Group and accordingly same has been accepted. It has been suggested that an additional course on numerical analysis and modelling be included in the analysis group which has been agreed to.

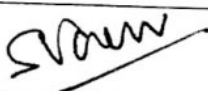

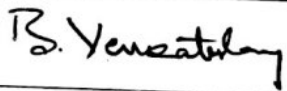

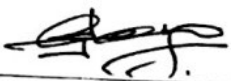

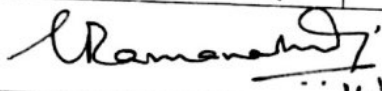

The scheme of instruction and examination with the above modifications has been approved.

2. Approval of syllabus for ME 1st & 2nd Years under Choice Based Credit System (CBCS)

The members went through the syllabus framed for core courses and elective courses. The following suggestions have been suggested.

- 2.1 Title (Design for Assembly) has been assigned to unit-5 of course "Design for Manufacture and Assembly".
- 2.2 No prerequisite is needed for unit-5 of Computer Aided Mechanical Design and Analysis.
- 2.3 A topic on introduction to compliant mechanisms has been added in unit-5 of Advanced Kinematics.
- 2.4 The course content for unit-3 of Mechanical Vibrations has been revised based on the discussions.
- 2.5 The contents of unit-1 in Design of Pressure Vessels and Piping have been enlarged.

The course contents and syllabus with the above modifications has been approved.

Bhasker, Associate Professor, Civil Engineering Department, who has been inducted as a member on the Academic Council. The following items on the agenda were taken-up for consideration:

1. **Confirmation of minutes of the 4th and Special meeting of the Academic Council held on 19.07.2016 & 12.08.2016 respectively.**

The minutes of the 4th and the Special meeting of the Academic Council held on 19.07.2016 & 12.08.2016 respectively were read and confirmed.

2. Action taken report on the Minutes of the Meetings of 4th and Special Academic Council held on 19.07.2016 & 12.08.2016 respectively.

Item No.	Council approval/ Recommendation	Action Taken
Special Academic Council held on 12.08.2016		
Item No. 1	Promotion of the eligible students into $\frac{3}{4}$ BE I-Semester consequent to declaration of results pertaining to B.E $\frac{1}{4}$ I and II semesters examinations conducted as a special case (one-time measure) in July/August 2016.	The eligible students were given promotion into $\frac{3}{4}$ BE I-Semester consequent to declaration of results pertaining to B.E $\frac{1}{4}$ I and II semesters examinations conducted as a special case (one-time measure) in July/August 2016. The students are attending the $\frac{3}{4}$ BE I-Semester class work.
4th Academic Council Meeting held on 19.07.2016		
Item No.3	Change of Class duration from 50 minutes to one hour (60 minutes)	Under CBCS the duration of a class is made as one clock hour instead of 50 minutes
	The ratio 70:30 for SEE to CIE shall be continued in the I year B.E. The proposed marks for theory courses in SEE & CIE are to be changed from 50 and 25 to 70 and 30 marks respectively.	In the CBCS structure as per the suggestion, SEE: CIE was made as 70:30 for the I year B.E. also. The marks for theory and laboratory for semester end examination was fixed as 70 and 50 respectively for each course. The marks for theory and laboratory for internal assessment (CIE) was fixed as 30 and 25 respectively for each course.
	Revision of subject reference codes for I/IV B.E under CBCS.	Revised the subject reference code as suggested for I/IV B.E under CBCS. Ex: ES110CS Computer Programming & Problem Solving using C BS110MA - Engineering Mathematics - I
Item No.4	Course outcomes and course objectives for all the courses of I/IV B.E. I & II semesters must be re-arranged with appropriate words	The HoDs of Departments concerned made the required changes and revised the course objectives and outcomes.
	In the list of reference of books, the following order may be used uniformly in all courses. Author name(s), title of the book, publisher's name, edition number, year of publication.	In the reference list of books, the suggested order was followed uniformly across all the Departments.
	The format of the syllabus of each and every course must be the same including font and font sizes.	The format of the syllabus was made uniform and the same font and font sizes were used.
Item No.5	The members have suggested that the draft rules and regulations proposed under CBCS may be circulated to the members and receive the comments.	The draft rules and regulations proposed under CBCS are circulated to the members for the comments.
Item No.8	Recommended to conduct B.E. I year (both semesters) examination for the candidates detained in B.E. II year examinations held in May/June, 2016 as onetime measure	After giving enough time for preparation, examinations were conducted to B.E. I year (both semesters) examination for the candidates detained in B.E. II year examinations held in May/June, 2016 as onetime measure and results were declared.

The Member-Secretary informed the Academic Council that the above actions were taken in accordance with the resolutions of the Academic Council Meetings held on 19.07.2016 and 12.08.2016 respectively. In reply to a query of the members, the Chairman informed that, out of 32 detained students only 29 students registered for one time examinations conducted as a special measure in July/Aug, 2016. Out of 29 students, 21 students have cleared their backlogs. Among these 21 students, 17 of them were having single subject as backlog.

3. Approval of Scheme of Instruction and Examination of ME / M.Tech programs proposed under CBCS.

The Chairman & Principal Prof.K. Jaya Sankar informed the members that the College is implementing Choice Based Credit System (CBCS) for M.E./M.Tech programs from the Academic year 2016-17 onwards. Hence, new scheme of instruction & Examination and Syllabi have been approved by the respective Boards of Studies for M.E./M.Tech programs. He requested the HoDs of concerned departments offering M.E./M.Tech programs to make a brief presentation of the scheme and syllabi before the members for its approval.

a) M.Tech (Computer Science and Engineering)

Prof. T. Adi laxmi, HoD-CSE presented the scheme and syllabi to the members. The members of the Academic Council have given the following suggestions:

- Seminar shall be shown as program core (PC) but not as Employability Enhancement Course (EEC).
- Similarly Seminar dissertation shall also be shown under PC instead of EEC.
- Open electives can also be offered.

The scheme and syllabi of M.Tech (CSE) were approved by the Academic Council.

b) M.E. ECE (Embedded Systems & VLSI Design) and M.E. ECE (Communications & Signal Processing)

Prof. K. Jaya Sankar, HoD-ECE, made a brief presentation on the scheme and syllabi of the 2 PG courses to the members.

The members of the Academic Council have suggested that, all the PG programs should use uniform notation for the courses offered by the department as PE, PC and EEC appropriately.

The scheme and syllabi of M.E. (ECE-Embedded Systems & VLSI Design) and M.E. (ECE Communications & Signal Processing) have been approved by the Academic Council.

c) M.E. (EEE-Power Systems and Power Electronics)

Prof. K.V. Ramana Murthy, HoD-EEE made a brief presentation on the scheme and syllabi of M.E. (EEE) Power Systems and Power Electronics to the members.

The members of the Academic Council advised to offer one lab each separately for Power Systems and Power Engineering instead of proposed single lab for the program.

The scheme and syllabi of M.E. (EEE-Power Systems and Power Electronics) have been approved by the Academic Council.

d) Mechanical (Advanced Design & Manufacturing)

Prof. G.V. Ramana Murty, HoD-Mech., presented the scheme and syllabi of M.E. (Mechanical) Advanced Design & Manufacturing to the members.

The HoD informed that they have introduced Mathematics as one of the subjects for M.E. students also.

The members of the Academic Council advised to offer Mathematics as open elective if possible.

The scheme and syllabi of (Mechanical) Advanced Design & Manufacturing to the members have been approved by the Academic Council.

The following suggestions have been made by the Members.

- Under Continuous Internal Evaluation (CIE) there is no need of conducting external examination for laboratory courses for PG students.
- All CIE examinations are to be conducted for 50 marks instead of 25 marks.
- For all programs, the lab duration must be two hours and one credit shall be awarded.
- The finishing school CIE examination shall be conducted for 15 marks and Semester End Examination (SEE) for 35 marks of 2 hrs duration.
- Across all the departments, two laboratories may be included in the scheme of examination.
- Projects offered to the students may be from the industry or by the faculty members.

4. Approval of Scheme of Instruction & Examination and Syllabi of MCA program proposed under CBCS:

The College is implementing the Choice Based Credit System w.e.f. the academic year 2016-17 also for the 3 yr. Master of Computer Application program. The Board of Studies of Computer Applications have revised the syllabus and approved the Scheme of Instruction Examination for first year.

The Head, Department of Computer Applications Prof.P. Hemagiri Rao, presented the course structure and contents of syllabi of first year MCA.

The Academic Council approved the Scheme of Instruction and Syllabi of the MCA program

5. Approval of Academic Rules and Regulations for B.E., M.E./M.Tech & MCA under CBCS to be implemented from the Academic year 2016-17

The proposed academic rules and regulations under CBCS for B.E., M.E./M.Tech & MCA have been presented by the Member-Secretary Dr.G.Ramadevudu before the Academic Council.

It is informed that, the general frame work of academic rules and regulations prescribed under Autonomy such as promotion rules, award of credit and letter grades etc., remains the same under CBCS system.

The members have gone through the academic rules and regulations proposed by the College and approved the same. The rules and regulations are given as Annexure-I
