

VASAVI COLLEGE OF ENGINEERING

(AUTONOMOUS)

9-5-81, Ibrahimbagh, Hyderabad, Telangana -500031

DEPARTMENT OF MATHEMATICS

Dt : 18-05-2019

The following are the suggestions made by the members of BOS in the meeting held on 18th June, 2019:

1. In the unit-IV of Engg. Mathematics –I ,theorems without proofs should not be printed in the Hand books of the students .
2. The title of PDE & Transform Calculus of B.E., III-sem., has to be changed to PDE & Transform Techniques.
3. The unit- I and unit –II of Numerical Methods, Probability & Statistics are to be changed to Interpolation & Numerical solutions of ODE and also a topic called Design of Experiments in the unit-IV.
4. They also suggested that the topics viz., Conformal mapping and Bilinear Transformation to be taught for ECE and MECH students.
5. The topic Machine Learning to be taught by the Department of Mathematics.
6. Open Electives should be beyond the curriculum as it is CBCS scheme, viz., Criminology, Ballistics, Forensic science, Finger Printing (DFD) etc.,
7. Probability , Statistics and Queuing theory should be introduced for CSE.
