VASAVI COLLEGE OF ENGINEERING
(Autonomous)
IBRAHIMBAGH, HYDERABAD – 500 031

**For the attention of the students seeking admission under
Category "A" (Convener Quota) and Category "B" (Management quota)**

a) **Minor Degree in Computer Science & Engineering(*):**

Students who wish to join **B.E Civil Engineering / Electrical & Electronics Engineering/ Electronics & Communication Engineering / Mechanical Engineering** in the academic year 2023-24 are hereby informed that they can also opt for minor degree in "**Computer Science**" along with major degree in their respective branch. To acquire the minor degree, the students must obtain 18 to 20 credits in addition to the regular credits required, during 4-Years of their Course.

b) **Honour's Degree(**):**

   i) **Mechanical Engineering** students can also obtain an Honours Degree with specialization in "**Robotics**" by acquiring 18 additional credits during the 4-Years of study.

   ii) **Electronics & Communication Engineering** students can also obtain an Honours Degree with a specialization in "**System on Chip Design**" (SoC) by acquiring 18 additional credits during the 4-Years of study.

   iii) **Information Technology** students can also obtain an Honours Degree with specialization in "**Artificial Intelligence and Machine Learning**" by acquiring 18 additional credits during the 4-Years of study.

Thus a student joining Mechanical Engineering or Electronics & Communication Engineering can obtain a "Major Degree" in their respective subject and a "Minor Degree" in Computer Science & Engineering (or) Honours in Robotics (or) SoC respectively.

c) **Additional Section in CSE:**

The State Government and Osmania University have approved an additional Section (60 seats) in CSE for the academic year 2023-24.

 (*) *Subject to approval of Osmania University.*

(**) *Honours Degree has been already approved by Osmania University.*
