The students have secured 18 ranks declared by the Osmania University in the year 2013-14. The overall pass percentage for the year is 95%. The college is therefore, highly sought after for admissions by the students due to which 100% of the seats are filled.

Given here are the details of placements, university ranks, final year pass percentage, and transition rate from first year to second year, over the past four years.

The college has good academic culture and ambience in terms of infrastructure, facilities and processes which is a clear testimony of the strength and good reputation of our college.

**Innovative approaches and Learning Ambience:** The College, in its constant pursuit of offering quality education, has created quality infrastructural facilities and established certain advanced laboratories (CISCO- Networking Lab, VLSI Design Centre, Embedded Systems Lab, DSP Lab, CAD/CAM and GIS) dealing with contemporary technologies.

The college has a unique distinction of adopting innovative approaches to enhance student learning whenever need arose; for example the college was first to start language laboratories (Phonetics and Interactive Communication skills Lab) and make it mandatory for all students much before this activity was considered essential by university/AICTE; realizing the need and unable to influence industry based curricular improvements (being an affiliated college), the college has been offering value addition courses in CISCO Networking, VLSI, CAD/CAM, GIS etc., for number of years to enhance student learning and make its student better employable.

### 2.11 Institutional project implementation arrangements with participation of faculty and staff.

The institutional management, faculty and staff are highly committed to the IDP and the entire document has been evolved with consensus. The faculty of the institution may be involved in some kind of a hierarchy but the work of any nature is completed in a time-bound manner with a high degree of team spirit. The faculty and staff have developed a strategic plan clearly defining the roadmap, targets to be achieved with key success indicator and time. The management provided non-interfering academic pursuit to the faculty which further boosts up the morale of the faculty.

The belongingness and the sense of ownership of the IDP is very high among the faculty and staff. Though all faculty and staff participated in SWOT analysis, a group of 42 faculty members developed the IDP. The provisions indicated in the IDP were worked upon by these faculty members dedicatedly. The task of obtaining and exercising autonomy as a reform is an accepted challenge by the faculty for which they are capable.

The BOG of the institution has approved formation and functioning of the various committees constituted for implementation of the project. The composition, meetings and functions of these committees are as under:

**Implementation and Monitoring Arrangements:** Though most the of faculty and staff will be involved in implementation of activities proposed in IDP, for coordination purposes following TEQIP unit has been created.

#### **Institutional Arrangements and Structures under Autonomy**

The college is affiliated to Osmania University and conferred autonomy by UGC from the academic year 201-15 onwards for a period of six years. The admission of students is based on merit as per State Policy on common entrance examination, counseling, and reservation. However, while the university will remain degree awarding authority, the college will seek academic autonomy from the

affiliating university/UGC by 2012 with the assistance of the Directorate of Technical Education.

Since college was established in 1981 and has all its structures and processes in place the college is ready to function as an autonomous institution. Further, the brainstorming through SWOT reflected majority of faculty, staff and students feeling the need for autonomy in the light of rapidly changing technology to be able to not only develop need based curricula and initiate flexibility to adapt to change but also to be able to create its own USP.

The institutional structures are also in place to ensure smooth exercising of autonomy. The college has already reconstituted its BOG as per UGC norms. The composition of BOG is as follows:

## BOARD OF STUDIES

The Board of Studies is the basic constituent of the academic system of the college. Its functions will include framing the syllabi for various courses, reviewing and updating syllabi from time to time, introducing new courses of study, determining details of continuous assessment, recommending panels of examiners under the semester system etc. Board of studies of every department shall be constitute as per the UGC guidelines

S. No.	Category	Status
1	Head of the department concerned	Chairman
2	The entire faculty of each specialisation	Member
3	Two experts in the subject from outside the college to be nominated by the Academic Council.	Member
4	One expert to be nominated by the vice-chancellor from a panel of six recommended by the college principal.	Member
5	One representative from industry/corporate sector/allied area relating to placement	Member
6	One postgraduate meritorious alumnus to be nominated by the principal.	Member
7	The chairman, Board of Studies, may with the approval of the principal of the college, co-opt (a) Experts from outside the college whenever special courses of studies are to be formulated (b) Other members of staff of the same faculty	Member

**Board of Studies shall perform the functions as mentioned in the Good Governance document**

## FINANCE COMMITTEE

The Finance Committee will advise the Board of Governors on financial matters. It shall prepare income and expenditure statements of the college in the prescribed format to submit to AFRC for fixation of tuition and others fees of the college. The Finance Committee will be an advisory body to the Board of Governors.

The following is the composition for the Finance Committee as the guidelines of UGC.

### TRAINING NEED ANALYSIS (TNA)

#### DEPARTMENT OF CIVIL ENGINEERING

Name of the Department: **CIVIL ENGINEERING: TRAINING NEED ANALYSIS FOR FACULTY MEMBERS**

S. No	Description of TNA	Proposed time frame	Organizing/ institution	Names of faculty proposed to be sent
1	Joint Meeting of some of the TEQIP Centres of Excellence in Maharashtra to work out common endeavours for building up a strong R&D contribution in some thrust areas. This will be organized in partnership with the respective Centres of Excellence.	Two to three day programme, sometime in the period August to October 2015	Indian Institute of Technology, Bombay	Dr. C.Mohanlal, Dr. K.Jayasree
2	Focused workshop on review of research and tutorial papers for reputed Indian national journals like SADHANA	Two to three day programme, sometime in the period September to December 2015	Indian Institute of Technology, Bombay	Sri. M.V.S.S.Sastri
3	Short Course on "Geotechnical Investigations for Structural Engineering"	15-17 October 2015	IIT Gandhinagar	Mrs. Aswari Sultana, Ms. B.Divya Vani
4	Winter School-1	11-24 December 2015	IIT Gandhinagar	Dr. B.Narender
5	Winter School- 2	11-24 December 2015	IIT Gandhinagar	Ms. B.Divya Vani, Ms. P.Ramya Sree
6	Attending International Conference Overseas	May June, 2016	Overseas	Dr. M.V.Rama Rao, Dr. K.Jayasree
7	Summer School- Topic 1	June 2016	IIT Gandhinagar	Sri. Siddharth Banerjee, Sri. B.Hari Kiran
8	Attending National Conference	September, 2015 to January, 2016	India	3
9	Total Station Training	November-December, 2015	Hyderabad	2
10	Pedagogy Training	November-December, 2015	VCE	5
11	Research Methodology	May-June, 2016	BITS-Pilani Hyd	2
12	Advanced Concepts on Software Training	May-June, 2016	Hyderabad	2
